

2nd MANCHESTER BIRTH DEFECTS CONFERENCE

October 1st-3rd 1986

*Holly Royde
Conference Centre
Palatine Road
Manchester 20 U.K.*

PROGRAMME

WEDNESDAY

Chairman - D. Donnai

- 9:00 The FG Syndrome: The phenotype and natural history.
E. Thompson, M. Baraitser
- 9:25 Natural history of Gorlins Syndrome.
P. Farndon.
- 9:50 An autosomal dominant multiple pterygium syndrome.
C.M.E. McKeown, R. Harris.
- 10:10 Clinical, radiological and pathological features of
Genetic Syndromes with Costovertebral Segmentation
anomalies.
J.L. Tolmie, A. Conner, A. Roberts, J.M. Connor.
- 10:30 COFFEE
Chairman - I.D. Young
- 11:00 Proteus Syndrome: an expanded phenotype.
R.D. Clark, D. Donnai, J. Rogers, J. Cooper, M.
Baraitser.
- 11:20 Proteus Syndrome
D.L. Viljoen.
- 11:50 The London Dysmorphology data base.
R.M. Winter, M. Baraitser, R.D. Clark, M. Patton
- 12:30 LUNCH
Chairman - C.M. Berry
- 1:45 The Neu-Laxova Syndrome - an overview.
C.J.R. Curry
- 2:10 Severe Smith-Lemli-Opitz Syndrome - a distinct
syndrome needing a name.
D. Donnai
- 2:30 Hirschprung's disease, hypoplastic nails. A
distinct autosomal recessive syndrome lethal in
infancy?
R.F. Mueller, D. Donnai
- 2:50 A lethal multiple pterygium syndrome with apparent
X-linked inheritance.
J.R.W. Yates, J.L. Tolmie
- 3:10 TEA

THURSDAY

Chairman - N. Dennis

3:30 Cocoon fetus - fetal encasement secondary to ectodermal dysplasia.
R.E. Stevenson, R.A. Saul, J. Collins, W.M. Davis, C. Lanford.

3:50 Vascular basis for neural tube defects.
R.E. Stevenson, J.C. Kelly, A.S. Aylsworth, M.C. Phelan.

4:10 The Genetic basis of Sotos Syndrome.
I.M. Winship.

6:30 SUPPER

7:45 "Developmental mechanisms in palate formation: the view from the alligators mouth".

Mark W.J. Ferguson

Head of Dept. of Basic Dental Sciences and Director of the General Dental Research Laboratories University of Manchester.

18:45 Morphological heterogeneity in sirenoscelia.
I.S. Young, K.M. O'Reilly, C.H. Kendall.

19:15 Clinical study of foetuses with nuchal cysts.
J.S. Bamforth, K.M. Lawrence.

LUNCH

Chairman - N. Super

2:00 Movement disorders in dysmorphic syndromes.
M. Baraitser.

2:25 Russell-Silver Syndrome: Natural history and prognosis.
H.A. Patton.

2:45 Chernobyl and after.
J.H. Edwards.

3:10 TBA

3:10 onwards

Poster display

Trade Exhibits

Computerized dysmorphology data base

Slide projectors and X-ray viewing boxes available for use of delegates for informal discussions.

THURSDAY

Chairman - M. Pembrey

- 9:00 Nager acrofacial dysostosis: clinical classification of a heterogeneous disorder.
B.D. Hall
- 9:45 Neural crest, branchial arches and heart malformation.
J. Burn
- 10:15 Autosomal dominant holoprosencephaly.
N.R. Dennis
- 10:45 COFFEE
Chairman - F. Howard
- 11:15 The form of the external ear as a clue to occult abnormalities.
J. Aase
- 11:35
- 11:55 Aetiological heterogeneity in sirenomelia.
I.D. Young, K.M. O'Reilly, C.H. Kendall.
- 12:15 Clinical study of fetuses with nuchal cysts.
J.S. Bamforth, K.M. Laurence.
- 12:35 LUNCH
Chairman - M. Super
- 2:00 Movement disorders in dysmorphic syndromes.
M. Baraitser.
- 2:25 Russell-Silver Syndrome: Natural history and prognosis.
M.A. Patton.
- 2:45 Chernobyl and after.
J.H. Edwards.
- 3:10 TEA
- 3:10 onwards

Poster display
Trade Exhibits
Computerized dysmorphology data base
Slide projectors and X-ray viewing boxes available
for use of delegates for informal discussions.

6:30

SUPPER

7:30

Evening Session. Chairman - J. Burn.

Discussion of posters

Presentations: Rare "known" syndromes
Unknown syndromes

10:00

Surprise Item.

Wine and beer will be served during this session.

10:30

Chairman - F.A. Farndon

10:45

Ear and jaw deformities of hemifacial microsomia
P. Chalpe

11:00

The NURCS Association - a review.
G.A. Gray, N. Braitner, M. Pembrey

11:15

Regional occurrence of a new syndrome with cervical
vertebral defects and radial anomalies.
W.S. Hall

11:30

Regional features of the NURCS association.
J. Yates, D. Shumai

12:00

Profound deafness in the branchial arch syndromes.
P. Beighton, S. Sellers

12:30

LUNCH

END OF MEETING

FRIDAY

Chairman - C.M. Hall

- 9:00 The natural history of the Sclerosing Bone Dysplasias
P. Beighton
- 9:40 Moore-Federman Dwarfism: is it a real entity?
R.M. Winter, M. Patton, M. Baraitser.
- 10:00 Williams Syndrome: is it an inborn error of calcium
metabolism?
J. Burn
- 10:20 COFFEE
Chairman - P.A. Farndon
- 10:45 The ear and jaw deformities of hemifacial microsomia
P.D. Phelps
- 11:05 The CHARGE Association - a review.
C.A. Oley, M. Baraitser, M. Pembrey
- 11:25 Familial occurrence of a new syndrome with cervical
vertebral defects and radial anomalies.
B.D. Hall
- 11:45 Unusual features of the MURCS association.
J. Yates, D. Donnai
- 12:00 Profound deafness in the branchial arch syndromes.
P. Beighton, S. Sellars
- 12:30 LUNCH

END OF MEETING
